The Medina Foundation is a family foundation that works to foster positive change in the Greater Puget Sound area.

In honoring the vision of our founder, Norton Clapp, the Medina Foundation aspires to improve lives by funding human service organizations that provide direct support to Puget Sound residents.

## What We Fund

- **Family Support:** Programs for those suffering from the effects of domestic violence or sexual assault, services to support child welfare, programs providing for basic needs, and other human services
- **Housing & Homelessness:** Housing and related services to support those in need, with the goal of preventing homelessness and helping people achieve housing stability
- **Hunger:** Efforts to alleviate hunger, with an emphasis on distribution and rural communities
- **Youth Development:** Organizations working with underserved youth, offering mentoring, tutoring, or out-of-school time/enrichment activities
- **Education:** Birth to 12th grade educational opportunities, adult literacy, and other programs that enhance academic skills
- **Economic Opportunity:** Opportunities that help people become economically self-sufficient, such as financial literacy, asset building, or skills-building programs

The Medina Foundation funds general operating support, capital, and program grants across a **fourteen-county region** of Western Washington, as seen below.

The Foundation considers LOIs on a rolling basis through our online grants system (accessible through the website). We do not have any application deadlines.
